

All Because You're Here

VERSE

Lord, let Your goodness come into this place
Let it fall like rain
Lord, let Your power breakthrough every chain
We need a touch from You
Lord, let Your Spirit move

CHORUS

You bring life out of darkness
You bring peace through Your great love
By Your blood there is freedom
Sin is defeated, hope has come
Now we live in victory
All because You're here

VERSE

Lord, hear Your people
Crying out Your name
Come receive Your praise
Lord, let Your presence burn our fears away
We come with longing hearts
Just to be where You are

BRIDGE

Broken are mended
Guilty, forgiven
Captives released from the bondage they've lived in
Weary are strengthened
Outcast redeemed
And all that we need is You
