

Embers to Flame

VERSE

Your love is like a blazing fire
Consuming all of me
Though I face the raging waters
And tremble in the deep
I know that I won't be swept away
And like the sun that's shining through the rain

CHORUS

Burn, Lord, through me
Till all of You is all that still remains
Breathe, Lord, in me
Come and turn these embers into flame

VERSE

I lift my hands in sweet surrender
To everything You are
Reignite a holy passion
And purify my heart
As the shadows try to hide the light
Your mercy's breaking through the darkest night

BRIDGE

Burn through every doubt
Set each fear ablaze
Cleanse me with Your holy fire
Breathe Your breath of life
Lift me from the grave
Fill me with Your saving power
