

## WELLNESS POLICY

Please join us in keeping the children of First Baptist North Augusta healthy by following our wellness policy. If a child appears ill upon arrival or during class time, for the best interest of all FBCNA children, parents will be contacted to pick up their child. Prayerfully, these measures will help protect our children from the spread of illness. We are grateful for your partnership in this area!

Children should not be dropped off if they have displayed any of the following symptoms within the previous 24 hours:

- FEVER (any oral temperature over 100)
- VOMITING or DIARRHEA
- RUNNY NOSE with yellow/green discharge
- SORE THROAT
- CROUP
- Any UNEXPLAINED RASH
- Any symptom of scarlet fever, measles, mumps, chicken pox, or whooping cough
- Any SKIN INFECTION such as impetigo, boils, ringworm
- EYE INFECTION (pink-eye or drainage)
- LICE, or evidence of lice, lice eggs, or nits within past 2 weeks
